After a year of rest and rebuilding, Wilson returned to its dominance of the Southeastern district in rolling to an 8-1 district record. Only a defeat by Churchland, 7-0, marred Wilson's record. It did not however, keep Wilson out of the regionals. The highlight of the season came at homecoming where Wilson spoiled Great Bridge coach Billy O'Brian's homecoming at Wilson by defeating them 14-13. Wilson had a victory over Eastern district contender, Norview, also. Wilson's defense dominated the teams they played and became the second best defense in the state. James Doughtie and Melvin Riddick were picked on defensive squads all the way up to All-State honorable mention.

# *WILSON ENTERS REGIONAL FOR FOURTH TIME*

A great season came to an end at Wilson as the team lost 41-6 to Laffayette, who eventually became runner-up in the state title. Wilson was surprised by the size and speed of the Laffayette team and were jolted by big hits that caused Wilson fumbles leading to Laffayette scores. The team's leading rusher was Mike Lipford and the only score came on a drive from their own seventeen yardline, which was capped off by a pass from Patrick O'Neal to Michael Ellis. However, we should all be proud of the football team as they beat the odds most of the season enroute to a district title and regained the respect they may have lost last year.

# *BY VARSITY CHEERLEADERS*

This year the Varsity Cheerleaders, headed by Connie Jackson and Kiera Jenkins, tried very hard to promote spirit throughout the school. They cheered at football games, basketball games, wrestling matches, baseball games, and tennis matches. Their sponsor was Miss Elaine Wilson who helped out a lot. The cheerleaders worked hard during homecoming preparing for the alumni. They have held fund raising events for new uniforms and deserve a lot of credit. They have attended cheerleader workshops and were present for the wrestling tournaments.

Wilson finished the 1974 regular season with a superb 7-2 district record and 15-5 over all record. The team finished third in the Southeastern District. The season was highlighted by a nine game win streak which was snapped by district champ, Norcom. The team loses only two seniors, but both are starters. The outlook for the 1974 tennis team is a cloudy one. The team will have several new faces this year, with only two returning lettermen. Beth Silberstein and Mark Kozak, season senior veterans, will have their work cut out for them as will the rest of the team. Coach McMillion is, nevertheless, very optimistic and feels that practice will be the key to the team's success.

Beth stretches high for a serve.

"Coach, this is a racket."

# *FIRST YEAR FOR WILSON—GIRLS BASKETBALL*

First row: Coach Mildred Clarke, Norma Moore, Forestine Reid, Valerie Bell, Rosa Bell, Eunice Booker, and Coach Virginia Himelright. Second row: Donna Sykes, Sandra Reid, Pearline Bynum, Denise Bradley, Debra Vann, and Diane Blount. Missing from the picture is Manager Jo Ann Goings.

The 1973 girls' basketball team, a new sport for Wilson, represented the school well. A round robin was played with Great Bridge, Western Branch, Churchland, Norcom, and Manor participating along with Wilson. At the beginning of the season, the girls suffered defeats by only a few points in each game, but came back strong and finished the season on the winning side. This year's team is young and will be back on the court next year.

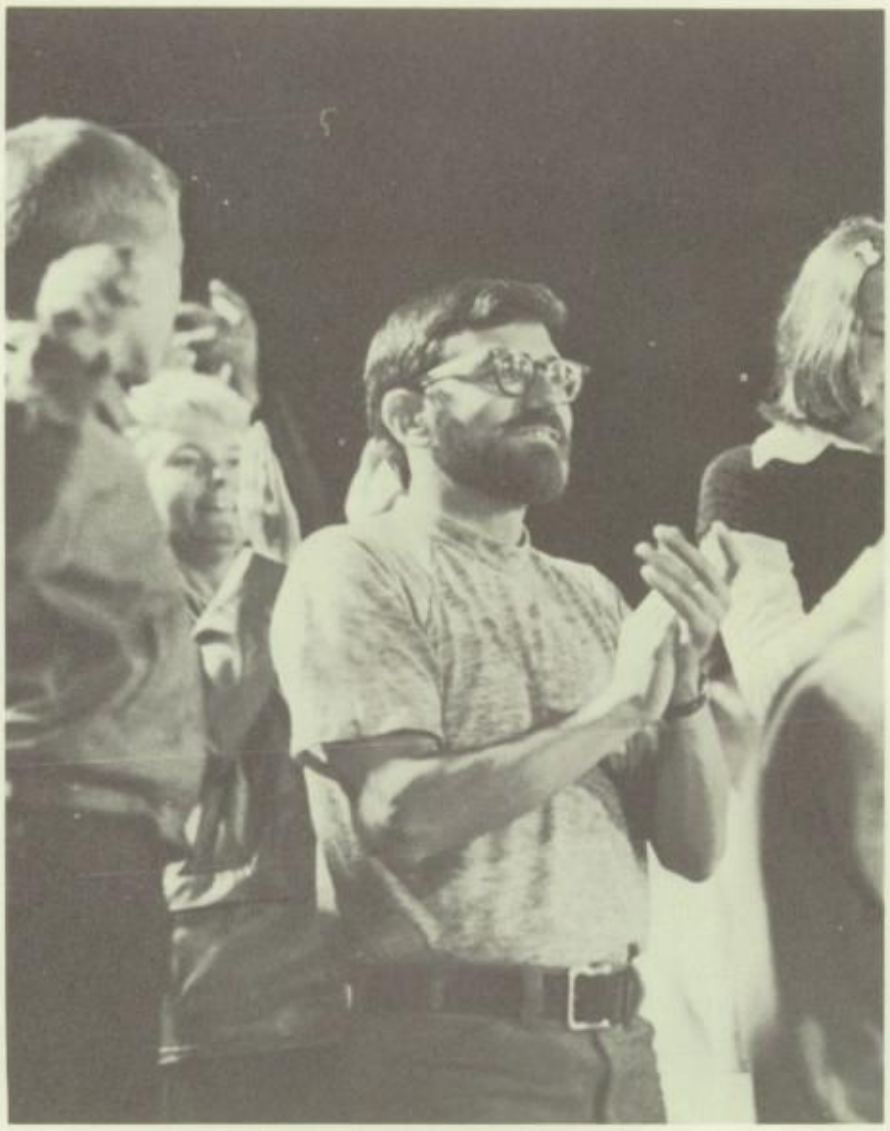
# *FACULTY AND ACADEMICS*



Dr. Morlino cheers the team to victory.

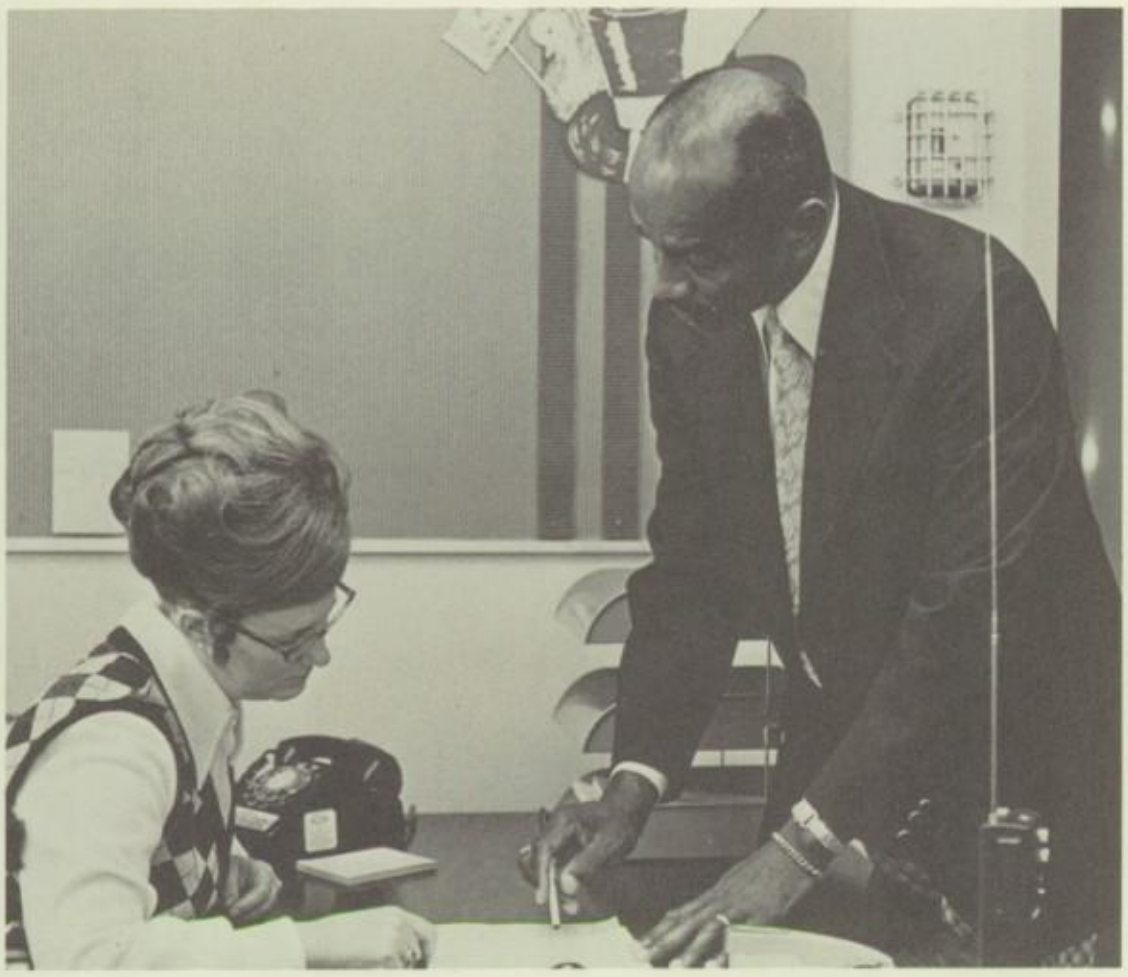
# *DR. VITO J. MORLINO*

Following in the footsteps of great Wilson names such as Robert L. Sweeney, Robert W. Allen and Jack Ryder, one finds a very ambitious Vito J. Morlino. Dr. Morlino has spent an amazing 31 of his 37 years connected with the school system, ranging from the year he attended elementary school until the present time where he serves as our principal, in his second year. Virginia Commonwealth University, the Medical College of Virginia, Cradock High School and I.C. Norcom High School were very fortunate in having such a dedicated man on their faculty, as is Woodrow Wilson.

Outside of school, Dr. Morlino belongs to a number of professional organizations including Sigma Xi, the Virginia Education Association and the Portsmouth Education Association, the National Association of Secondary School Principals, and the Virginia Association of Secondary School Principals. When asked what he does in his spare time, he jokingly replied, "What spare time??" He does, nevertheless, coach Little League football and is involved in his church activities.

Dr. Morlino was very much pleased with the enthusiasm and eagerness to begin work that the students and faculty displayed as they prepared to start a new school year. He feels that the hard work and success that was demonstrated last year was definitely reflected on this year. Dr. Morlino is prepared along with the support of the student body and faculty, to keep Woodrow Wilson No. 1.

Dr. Morlino congratulates students on their fine behavior.



Mr. Savage goes over the suspension list with Mrs. Ivey.

## *MR. HORACE S. SAVAGE*

Mr. Horace S. Savage, assistant principal in charge of pupil personnel, served his third year at Woodrow Wilson and his 22nd in the Portsmouth School System. Mr. Savage began his teaching career at Norcom and has taught several subjects including history, general science, physics, and Driver Education. He also coached the Greyhounds to a state football championship in 1960 and a runner-up trophy in 1967.

Our dependable assistant principal is hard at work.

## *MR. DAVID W. JOYNER*

Our assistant principal in charge of instruction, Mr. David W. Joyner, served his first year at Wilson with this title. Last year he was an administrative aid, and when Mr. William Saunders left Wilson to work for another school system, Mr. Joyner filled the position. Mr. Joyner, however, is not new to Wilson. He came here in 1962 and has taught physics, trigonometry, geometry, algebra, and general math, and he also coached the tennis team.

Mr. Joyner was very pleased with the unified student body this year, and he attributes the unification to the desire of the students to become the leading school in Portsmouth in all phases of school life.

The English Department of Woodrow Wilson High School concentrates its efforts toward improving the composition of our sophomores, juniors and seniors, while freshmen are indoctrinated in a new approach to grammar. In addition, reading skills are strengthened by all freshmen and sophomores who spend many weeks in the Reading Room. Drama, forensics, and the school newspaper—the extra-curricular offerings in the department—provide an outlet for students with special talents in these areas.

The 1973 Presidential Homecoming was truly a spirit rally for the student body of Wilson. Coach Billy O'Brian of Great Bridge, our worthy opponent for the week, was one of our honored alumni. Our own Mrs. Oliver was reunited with her classmates of 1947 and 1948 in a grand assembly and victorious football game. Members of 1948's State Championship football team were on hand to boost spirit. Mr. Leo Antonucci presented Dr. Morlino and the school with a trophy commemorating their State Championship. Our Homecoming Queen, Endia Browne, and our Maid of Honor, Robin Faulk, were crowned and their courts were presented the night of the Homecoming game.

# *THE NOTORIOUS MANOR-WILSON GAME*

The Woodrow Wilson Graveyard.

It was late the night before the Manor-Wilson football game and many spirited Wilson fans began to feel the excitement of what was to prove to be one of the strongest rivalries Wilson has encountered in many years. Manor High, an offspring of Cradock and Wilson, held friends and classmates of previous years and sparked a spirit of pride and loyalty at Wilson. The need to win this game was evident. Wilson had to rank superior. Rumor has it that late that night some loyal Wilson Presidents secretly sabotaged Manor High School. Of course, one must not take rumors seriously, must one? The morning of the game, however, proved extremely interesting at Wilson. Wilson students arrived to find a mock graveyard of their football team with a note of warning from Manor. The Mustangs insinuated this was where the mighty fighting Presidents would rest after the game. Infuriated by this humilating breech of territory, the Presidents danced in a waterfall of spirit and tromped the Mustangs that night, 8-0.

But what of this mysterious graveyard that so cleverly enraged the Presidents? The Wilson Presidents need no longer believe that Manor is responsible. The credit is graciously attributed to none other than Coach Bulheller and Coach Mollenhauer who did a bit of grave digging on their own that night.

# *REFLECTIONS THROUGH THE EYES OF A GRADUATE*

Taking a last walk through these familiar halls of Wilson, brings back many memories, both happy and sad, of the past four years. The halls are empty now, except for the echoes of thousands of footsteps and pictures of honored alumni which line the walls, their silent faces expressing their cherished memories of Wilson. Finding myself at the auditorium, I enter, take a seat in the dark emptiness and allow my mind to wander back through four years.

Four years. It doesn't seem that it has been so long since I first entered this school as an eager freshman ready to conquer the world. Wilson was so different from the school I had come from that it took me a little time to adjust to the routine. In the meantime the upper-classmen, of course, were taking advantage of all the freshmen who were thoroughly confused. Somehow we got organized enough to elect Karen Joyner as our class president. As the year progressed, many changes were taking place. With Steve Foster as the President of our S.C.A. we succeeded in revising the dress code to include pants for the girls and in obtaining a juke box for the cafeteria. The football team was ranked number "1" in the Eastern Region while the basketball, baseball, tennis, track, gymnastics, and girl's hockey teams were also leaving trails of victory throughout the district. Sports were not all the school excelled in, though, for the Forensics team, Debate team, Annual staff, and STUDENT staff were also receiving awards for their outstanding ability.

All too quickly our freshman year ended and many familiar faces were gone as we returned in September, as Sophomores. As I remember, we were all basking in the glory of being the UPPER-lower classmen and finally having a class under us. As a result of being "experienced" in Wilson's ways, the class quickly jumped into the routine of things, electing Jo Anne Pulley as president of our Sophomore class. We were beginning to realize that the various organizations and teams at Wilson were for US to enjoy, so we began to participate. The musical of 1972, "Hello Dolly" included many talented Sophomores, the football team, including John Moss and Mike Lilley, again took the Eastern Regional title, and the Debate team placed second in its competition. A BIBLE Club emerged for the first time at Wilson, and girls finally found their way into Wilson's Varsity Tennis Team. This was a smooth-running and enjoyable year; a year that we shall always remember.

We realized that many changes had taken place in the three seemingly short months of summer as we returned as Juniors. With the opening of Manor High School, the graduation of many dear friends, and the change-over of Norcom, Wilson had changed. Of course, we missed our old friends, but we also welcomed the chance to meet new ones and to welcome them as "mighty fighting Presidents", too. The business of the year seemed to pile up quickly as we ordered class rings and began planning for the Junior-Senior Prom which was OUR responsibility. Through the guidance of Endia Brown, our class president, everything worked out as planned and the year, with its busy schedule, progressed smoothly. We presented Gina Hardy in the Homecoming Court as Maid of Honor along with her attendants, Kathy Jolliff and Angela Majetto. This was a year of rebuilding for Wilson, and we soon discovered that the life of an upperclassman was not all glory and happiness as we had expected, but that by working together, the year would be memorable for all.

After an unbelievably short summer vacation we, the Senior class of 1974, returned to these halls for one last year. People were different and outlooks on life had changed. We all felt a close bond of unity because we were no longer 241 students, but ONE Senior class. With Wayne Griffin as our class president, many plans were implemented and our S.C.A. led by Ralph Rowley, President, and John Lillard, Vice-President was helpful in many activities undertaken by the student body. Our football team was led to victory by James Doughtie and John Moss while in other areas, Mike Zedd was receiving awards for his experiments in science. The musical, "The Music Man" was a tremendous success, and the Forensics team left its marks of victory throughout the state. On the night of October 27, Endia Browne was crowned Homecoming Queen with her attendants Gina Hardy, Cindy Beacham, Kim Marshall, and Mary Sue Wilkinson. I remember the Senior edition of the STUDENT containing our class history written by Brenda Griggs and the many other things that were hidden deep in our memories. The close of the year came so quickly, and within two weeks time the Senior Class Play, Baccaulaureate, and Commencement Exercises were over.

I am now a graduate, another picture with which to line the walls. But Wilson meant something to our class, and hopefully, our class meant something to Wilson.
